Marina Bibiloni Díaz-Toledo
Spanish FLA

Hi everyone!

My name is Marina, I am 22 and I come from a little island (or paradise) called Mallorca, in Spain. I am beyond excited to become your Spanish FLA for the 2018-19 academic year, and I hope you and I make the most of it. This year I am finishing my degree in English Studies, and I was planning on doing a master's degree on teaching next September, but I think I will have to wait!

From my first lines, you would have guessed what my two passions are, and yes, they are languages and teaching, so I guess becoming a FLA is one of the best combinations for me! I speak three languages and I am working on a fourth one, but I am willing to learn many more, who knows which one though, I am a very spontaneous and impulsive person, so we will see.

I love travelling and experiencing new cultures and learning new things from them. I am passionate about food and gastronomy, this is probably what I love the most about travelling, so I hope we can share some recipes. I hope that we can all share our different cultural backgrounds and learn a lot from each other.

¡Nos vemos pronto!
