1. I was very pleased with the course. I was apprehensive about taking Prof. Sanchez but I couldn't have made a better choice. He is a terrific professor and makes the material interesting and enjoyable. I learned a great deal of new information from his course;
2. Very difficult but I got a lot out of it;
3. The course helped me better understand the financial institutions. The presentation help me improve my public speaking skills;
4. I liked it and learned a lot;
5. Great, I love the course!
6. I found the course very challenging but fair. We covered a great deal of material to great extents and I feel that I have gained a good understanding of it thanks to Prof. Sanchez;
7. Prof. Sanchez is very engaging and extremely knowledgeable. However, I think the course could be restructured to emphasize money and banking material instead of so many other (sometimes irrelevant) topics;
8. I only wish that my grade could reflect the incredible amount which I feel that I have learned. Professor Sanchez has inspired me to continue to passionately engage in the world in an informed way throughout my adult life. This course has been a formative experience. I only wish that the Professor Sanchez experience could be a prerequisite to graduation.
