

Limited Purpose Flexible Spending Accounts

Your prescription for a healthier HSA

Your Health Savings Account (HSA) is a powerful tool that can help you plan for medical expenses today, tomorrow and into retirement. You can choose to spend less from your HSA and realize the tax advantages of also enrolling in a Limited Purpose FSA to help pay for eligible dental and vision expenses.

What is a Limited Purpose FSA?

A Limited Purpose Flexible Spending Account (FSA) is an employer sponsored account that can be used to pay eligible dental and vision expenses when you are enrolled in a High Deductible Health Plan (HDHP) and HSA. Choose a Limited Purpose FSA if you'd like to let the funds in your HSA grow, while still using pre-tax dollars to pay for eligible expenses² incurred while you're participating in the plan.¹

¹The amount saved in taxes will vary depending on the amount set aside in the account, annual earnings, whether or not Social Security taxes are paid, the number of exemptions and deductions claimed, tax bracket and state and local tax regulations. Check with a tax advisor for information on whether your participation will affect tax savings. None of the information provided should be considered tax or legal advice.

²The list of eligible expenses are set by federal regulations and are subject to change. Contact your Plan Administrator for more information or visit www.irs.gov for details.

Which expenses are eligible?

To qualify, you must have a High Deductible Health Plan and Health Savings Account (HSA). Use your Limited Purpose FSA to pay for qualified dental and vision expenses like:

Glasses
contact lenses
lasik

Orthodontia
bridges
crowns

2024 Contribution Limit

\$3200

The funds in your Limited Purpose FSA are use-it-or-lose-it, so it's important to accurately estimate your upcoming expenses.

Remember, you must spend the entire balance for the plan year. You'll choose your contribution amount when you enroll during your employer's open enrollment period.

Keep in mind that some plans offer a Grace Period, which allows for extra time to incur new claims against your remaining balance. Additionally, some plans have a Rollover option. With this feature, a remaining balance up to a defined threshold will roll to the new plan year automatically.

How to use a Limited Purpose FSA

Before Open Enrollment

Before your employer's open enrollment period, take time to accurately estimate your upcoming expenses. Use that estimate to identify a contribution amount.

During the plan year

During the plan year, you'll be able to quickly and easily make payments for eligible expenses using pre-tax dollars.

The entire contribution amount will be **available for you to spend right away**. Yet you'll fund the account with equal, pre-tax deductions throughout the year—one from each paycheck.

You'll use just one prepaid benefit card to pay, whether you have one Voya Financial flexible spending account or multiple accounts. **Receipts are required**, and you'll be able to submit them using the online portal or mobile app.

If you forget or are unable to use the benefit card, don't worry; you can still get reimbursed. Simply **use the app or online portal** to request a direct deposit to your account.

At the end of the plan year

At the end of the plan year, you'll review your actual expenses and re-enroll.

Use the mobile app or online portal to monitor your account and ensure you're on track to **spend all of your funds**.

Then, consider whether you spent more or less than your total contribution amount. Was your contribution too small? Or too much?

Use that information to **update your annual contribution** as you re-enroll, during your employer's next open enrollment period.

To do:

- Estimate upcoming dental and vision expenses
- Identify an annual contribution amount
- Enroll in your plan
- Make pre-tax contributions
- Pay for eligible expenses
- Submit receipts
- Get reimbursed
- Make sure you've spent your balance
- Review your estimated vs. actual amounts
- Re-enroll

Less hassle, more flexibility

When you choose a flexible spending account from Voya Financial, you get access to tools that make account management easy.

Prepaid debit card

Spend pre-tax dollars on eligible health, dependent care and/or commuter expenses using just one card. If you have more than one type of FSA, smart card technology is coded into your card, so it can automatically pull funds from the proper account.

Convenient mobile app

Capture receipts, reimburse yourself for out-of-pocket expenses, view your account balance, complete transactions and more, all on the go with your mobile device.

Secure online portal

Complete the same tasks you can with the app—plus file claims, get email notifications and more through a secure consumer portal.

Keep your HSA healthy by paying for additional dental and vision expenses with pre-tax dollars. Keep it easy by choosing a Limited Purpose FSA from Voya Financial.
