**Organization Description:**
Abby’s House was formed at the beginning of the battered women’s movement – there were no paradigms to follow in organizational development. Instead, the volunteers who ran the shelter listened carefully to the needs of the women and responded accordingly. The spirit of empowerment, sisterhood and mutuality embodied by the original volunteer activists continues to inform our program delivery today.

**CBL Opportunities:**
The Abby's House Thrift Shop continues to be our largest single source of revenue. All of the profits from sales at the Thrift Shop fund our emergency shelter. The Thrift Shop is full of quality clothing, accessories, home goods, and bargain-priced cosmetics. We encourage you to visit the store today, not only to donate clothing and home goods, but to add some great pieces to your wardrobe! Two hours a week is needed within the following time periods: Tuesday, Wednesday and Thursday: 10:00am - 3:00pm; Fridays: 10:00am - 2:00pm.

**Organization Description:**  
The Assumption Center in Worcester is a ministry of the Religious of the Assumption. In partnership with the parish of St. Peter-St. Andrew in the city’s Main South area, the Center serves the various educational needs of the neighborhood through English as a Second Language classes for adult learners, after-school mentoring and literacy programs, the Kate O’Neill spiritual book library, Girls With DREAMS, GIFT Lecture Series and a Vietnamese summer camp. In addition, the Center also sponsors a Knitting Circle and a community garden which involve many volunteers from around the city. All the programs were founded by the Sisters and are carried out by the Sisters, AMAs and volunteers from Assumption College, Clark University and College of the Holy Cross as well as a good number of adults from the parish and the area.

The headquarters of the Sisters’ lay volunteer program, the Assumption Mission Associates (AMA), is housed at the Assumption Center. A project of the Religious of the Assumption since the 1950s, AMA has been particularly active in the U.S. since the 1980s. Since its move to Worcester in 2001, AMA-USA has sent approximately 100 young people to mission sites both overseas and in this country. Currently the AMAs serve with sisters in Worcester, MA and in Chaparral, NM in the USA and in the Philippines and England, internationally.

In addition to the AMA office, the Center provides housing for the AMAs themselves, who live together in the Cana community along with other young adults who are committed to intentional living. The Cana community shares meals and prayer regularly with the community of Assumption Sisters. The AMAs offer service at Assumption Center, the parish of St. Peter-St. Andrew’s, and other neighborhood organizations that serve the disadvantaged.

**CBL Opportunities:**

**MENTORING**  
The Assumption Center runs an after-school mentoring program at St. Peter’s Church on **Wednesday and Thursday afternoons from 2:30-4:45 p.m.** Children, ages 6-15, are paired one on one with college...
mentors who help with homework, reading, arts and crafts, games and much more. Since 1996 the mentoring program has provided a safe, supportive and fun environment for children to spend their after-school hours.

**ESL Tutoring**
Assumption Center ESL Classes at St Peter's Church, **Tuesday and Thursday, 10a-12p**. The program provides instruction in English as a Second Language to approximately 125 adult learners each year. The majority of our students are recent immigrants from all over the world. In joining the learning community, you will gain insight into the struggles of our families to integrate into American society.

**Child Care:** By providing supervision for their children, you will be facilitating the acquisition of English language skills for our parents. Without this service, they would not be able to attend our classes. The program accepts children ages 2 – 6. The ratio of children to care provider will be 2 – 1.

**Teacher:** No second language skills are required, training will be provided. You would have three options: to teach a class of approx. 6 - 10 adult learners in our classrooms; to tutor one on one in our classrooms during our class time; or to tutor a student outside of our class space and time.

**Pre-Service Requirements:** CORI Form and application (for ESL tutors only)

**Organization Description:**
AVID, (Advancement Via Individual Determination) is a college readiness system designed to increase the number of students who enroll in four-year colleges. Although AVID services all students, it focuses on the least served students in the academic middle. The formula is simple: raise expectations of students and, with the AVID support system in place, they will rise to the challenge.

AVID is in the elementary through twelfth grade in the Worcester Public Schools. In the elementary level the AVID strategies are embedded into the daily instruction. At the secondary level AVID is an approved credit bearing elective course taken during the day. For one class period a day, students learn organizational and study skills, work on critical thinking and asking probing questions, get academic help from college trained tutors and participate in motivational activities that make college attainable. The AVID Secondary site is a combined effort of a dedicated elective class and core content area classes to create a school-wide impact in middle and high school.
The mission of AVID is to close the achievement gap by preparing all students for college readiness and success in a global society.

**CBL Opportunities:**
Worcester Public Schools is recruiting college students to serve as AVID tutors by facilitating AVID tutorials. The AVID tutorial sessions are held twice a week during the AVID Elective class. During tutorials, the elective class is divided into several tutorial groups. Under the direction and supervision of the AVID Elective teacher, an AVID-trained college tutor facilitates the discussion and work. Tutoring takes place during the day in AVID classes. School day hours are 7:00 am to 3:00 pm. Training will be provided.

As an **AVID** tutor you will assist students by:
- Leading collaborative study groups (tutorials) in the **AVID** classroom using an inquiry process.
- Checking student notes and binders.
- Providing academic support.
- Acting as a role model.
- Providing encouragement, understanding and a personal connection to students.
- Facilitating access to rigorous curriculum.

**Center for Nonviolent Solutions (CNVS)**

901 Pleasant Street, Worcester, MA

**Staff Contact:**
Claire Schaeffer-Duffy
Staff Director
therese@cnvs.org
774-239-4022

**Organization Description:**
Driven by a vision to create a culture of peace within the Worcester community, the founding members of the Center for Nonviolent Solutions (CNVS) began meeting in 2008 to discuss ways to educate Worcester’s residents about the history and efficacy of nonviolence, how to transform conflict, and nonviolent communication skills. With persistence and dedication to achieve its mission, CNVS gained recognition as a nonprofit organization in July 2010 and hired its first part-time Executive Director in May 2011. Soon afterwards the Board of Directors, staff, and volunteers met for an inaugural retreat. At the retreat, CNVS decided to pursue education (youth and adult), establish Community Mediation Services, and host a resource center and speakers’ bureau as the main avenues through which they could build a culture of nonviolence in Worcester. Since inception the Center for Nonviolent Solutions has delivered on it mission to provide education and resources to help the Worcester community to understand nonviolence and peacemaking as a way of life and to reject the use of violence in resolving conflict.
CBL Opportunities:
A Holy Cross volunteer is welcome to join the CNVS staff. The volunteer would primarily observe and assist with the programs that CNVS currently runs:

- Peer Mediation Program at Claremont - Each week, CNVS staff meet with the Claremont mediators to discuss the program, troubleshoot with the mediators, and to have lunch.
- Civil Rights Discussion - CNVS is working to complete a grant to implement a Civil Rights Discussion program where there would be public reading of civil rights documents. The hope of the program is to recruit teen girls to do the public readings because the readings are going to feature prominently women involved in the civil rights movement.
- Voices of Peace - The Voices of Peace program is a youth radio project. Youth are being invited to interview people in Worcester who have done peace work. It’s modeled after NPR’s Story Corps.

The CBL volunteer could participate in any of the above activities. The CBL volunteer should note that apart from the Peer Mediation Program (which meets on Tuesdays at Claremont from 10:30am-11:15am), the other programs meet at various times. The CBL volunteer should have a flexible schedule and be open and willing to changing their regular volunteer times throughout the semester. The CBL student will be able to meet the 2-hour per week requirement through assisting with the above programs and attending the weekly staff meeting on Tuesday mornings before the Claremont session.

Fenwick 217, College of the Holy Cross

Staff Contact:
Nikki Tantum, Project Coordinator
Phone: (508) 793-2700
ntantum@holycross.edu

Organization Description:
The Digital Transgender Archive is an open access website providing direct and easy access to transgender history. The database already includes ~4,500 items ranging from digitized primary source materials (such as oral histories, personal papers, serials, photographs, etc.) to discovery resources for non-digitized materials (such as collection guides and finding aids). In collaboration with more than 40 archives from around the world, this database dramatically enhances access to transgender history for academic researchers and the general public alike.

CBL Opportunities:
Most of the metadata (item information such as titles, dates, subject terms, key figures, etc.) has been created by Holy Cross students since the lab opened in 2015. Our volunteers work with Student Team Leaders to upload new trans-related archival material from our collaborators and to describe each item by creating metadata. Volunteers may work with many different types of material including newspaper clippings, photographs, oral histories, ephemera, and more!
Two hours a week is needed. Volunteers will be able to choose from one of our 2-hour shifts, determined by our Team Leaders.

**Volunteers needed:** 1-5

**Pre-service Requirements:** Volunteer Application and a meeting with Nikki Tantum (Project Coordinator). Please email Nikki (ntantum@holycross.edu) or stop by Fenwick 217 to receive an application.

(508) 579-9249

**Organization Description:**  
Dismas provides housing and services at three locations for homeless and ex-offenders. In our homes, Dismas House, Dismas Family Farm, and the Father John Brooks House, former prisoners are engaged in the hard work of rebuilding lives, and rekindling hope for themselves and their families. Families with kids, volunteer Board members, live-in international students, and church groups help create the family atmosphere by breaking bread with residents and spending the holidays with them. Our dedicated staff - many former prisoners themselves - provide key educational, recovery, and reentry tools to our residents.

**CBL Opportunities:**  
One CBL volunteer will be involved in updating the Coming Home Directory to include western Mass resources, as well as interacting with the clients of Dismas House. The Coming Home directory is a directory of services available to ex-offenders returning to, or currently living in the greater Worcester area. The directory is a resource that presents important information for ex-offenders about the services available in our community. This guide may also be useful for corrections practitioners, program staff, policymakers and the friends, families and volunteers that work with former offenders in the community.

The CBL Volunteer will also be required to attend at least one of the Dismas House community meals. This will be a chance for the volunteer to get to know the residents, as well as begin to build relationships with the Dismas House staff and the people Dismas House serves.

The volunteer will be expected to serve for one 2-hour block each week. The volunteer should reach out to Dave McMahon to set their volunteer schedule.

The Mustard Seed Catholic Worker
93 Piedmont Street,
Worcester, MA 01609

Staff Contact:
Michael Boover
508-753-8974
Cell: 774-808-1577
mbhoundofheaven@gmail.com

Organization Description:
The Mustard Seed Catholic Worker is a house of hospitality in the Catholic Worker movement, an apostolic movement begun in 1933 by Peter Maurin and Dorothy Day. The intent of the movement is to give flesh to the teachings of Jesus of Nazareth and Catholic social thought by doing the works of mercy and opposing the works of war. Our mission is to perform the corporal and spiritual works of mercy at a personal and social sacrifice. We seek to nurture and promote a culture of concern and generosity so that human suffering is relieved and a better society envisioned and lived out in microcosm as a living expression of what can be pursued more widely by allies and friends.

The Mustard Seed (founded in 1972) is a community of faith, hope and love that has manifested as a community living room, as a refuge for the hungry, lonely, and homeless and as an ideal (that in the ideal) is what a Christian community looks like or should look like in practice. Our community is committed to prayer, personal and communal conversion of life, clarification of thought (lifelong learning), “the building of a society where it is easier for people to be good” and a work culture that sees labor as sacred and that upholds small-scale agriculture and artisanship as hopeful means for “building a new society in the shell of the old.”

The Mustard Seed has a major role in feeding Worcester’s hungry. The house of hospitality at 93
Piedmont Street offers a free meal each weekday with the help of many friends and associates. The community has fed the hungry for over 45 years and has also worked on behalf of peace and environmental and social justice in many campaigns and initiatives over that time. The community remains committed to the Catholic Worker vision as espoused in its “Aims and Purposes” published each May in the Catholic Worker newspaper.

CBL Opportunities:
Students are welcome to serve in the food pantry and then join in the shared meal, which feeds families in the neighborhood (approximately 10-20 families served each week). The pantry is open from 4-5:45 PM on Wednesdays followed by a shared meal that runs from 5:45 until clean-up (therefore, the time requirement is from 4-7 PM). Volunteering at the Mustard Seed is a particularly good option for students interested in Catholic Social Teaching, as workers are well versed in Catholic Social thought and in the history and ongoing labors of the Catholic Worker movement.

Organization Description:

Drawing upon four pillars - strength, scholarship, character, and service - a Nativity education inspires self-discovery, responsibility, spiritual growth, and a lifelong dedication to learning. Nativity School of Worcester is modeled upon effective practices that provide students from low-income homes the opportunity for academic excellence. The Nativity model of education began with the creation of the Nativity Mission Center in New York City in 1971. The model consists of small class sizes, a mandatory summer program, an extended school day where students attend organized activities and an evening study, and a graduate support program. In addition to the rigorous academic program, students participate in a comprehensive, character-building sports and activities program in the afternoon, and an individualized tutoring program in the evening. Nativity School of Worcester offers a comprehensive and unique learning experience that prepares students for the rigors of high school and college. The academic program emphasizes hard work, dedication, and achievement with the goal of inspiring each student to attain the following goals:
• He will achieve at his highest level, as measured by effort and assessment in his classes and improvement on his M.A.P. testing.
• He will be accepted into a selective high school or specialized high school program.

• He will graduate from a four-year college or specialized post-high school program.
