Noyce Nativity Summer Interns
Paid Positions Available

Who is eligible?
First and second year Holy Cross students who are interested in or are already majoring in mathematics and/or science.

Date of internship?
July 6 – July 24, 2015

What is the stipend?
$1350 paid stipend, on-campus housing, and $100 per week for food.

What are the responsibilities?
Noyce Nativity Summer Interns will assist in activities associated with the summer sessions at the Nativity School of Worcester. Interns will provide guidance and instructional support to middle-school students who are taking rigorous classes in mathematics and other academic subjects in the mornings and conducting a community service project in the afternoons.

How to Apply
Submit:
- application (available in Stein 435 or on the Education Web site under Noyce)
- a statement describing your interest in the position and experience working with children or in educational settings
- unofficial copy of college transcript

Applications due to: Department of Education, Stein 435 by May 1, 2015
