

APPportunity is knocking.

Introducing the FCHP
Member ID Card App
for your iPhone or Android!

Now you can get the benefits of your FCHP ID Card without having to carry it with you.

You can get your mobile FCHP member ID Card, as well as a spouse's or child's card, for your iPhone or Android. FCHP is the first health insurer in Massachusetts to offer this great convenience to its members.

With this free FCHP Member ID Card App, you can easily view your card, see any copayments you might have, use it at many doctors' offices, or e-mail or fax an image of your ID card to a doctor, hospital or pharmacy. Never lose or forget your ID card or a family member's ID card again—it's always on your phone!

Getting started

1. Search for "FCHP Member ID Card" in the iTunes App Store or Google Play, then download for free.
2. When you first log in, you'll need to enter your member ID number, located on your ID card that you received from FCHP in the mail.
3. Enter your ZIP code.

For your convenience, your member number will be saved after the first time you log in.
