The Ninth Infantry Division Association

Tingley Expresses His Appreciation

Having served for the past five years as Secretary-Treasurer of the 9th Infantry Division, I want to take this opportunity to express my sincerest appreciation to the members of the Board of Governors and to the members of the 9th Infantry Association, for the excellent cooperation extended to me during my tenure in office.

To say at this time that the past five years in office have been gratifying to me would be exactly the truth. It has been very gratifying to me to have the privilege of serving the Association as a whole for the past five years, and to have the opportunity to participate in the Association's work.

Many members have expressed the opinion that the lack of paid-up membership in our Association is due chiefly to present day conditions of war, but in the past five years, our Association has made tremendous progress in membership.

When this position of Secretary-Treasurer was offered to me, the Association was not in a position to pay its dues. At that time, the Association was not in a position to pay its dues. However, I am glad to say that the Association has been paying its dues for the past five years, and that the Association has been paying its dues for the past five years, and that the Association has been paying its dues for the past five years.

The past five years have been very gratifying to me, and I am very grateful to the Association for the opportunity to serve in this capacity.

9th Division Association Allots Portion of Memorial Fund Towards Purchase of Vocational Guidance Literature For Brooklyn Vet Hospital

On Friday, February 15, 1952, a delegation representing the 9th Infantry Division Association and headed by AL BRUCHAC, President of the Association, visited the Brooklyn Veterans Hospital to present the Association's staff a check for $900 to fund the purchase of Vocational Guidance Literature.

AL BRUCHAC presenting Association checks for $900 to Miss M. SULLIVAN, Director, and Miss M. GATTO, Assistant Director, of the Brooklyn Veterans Hospital. Also shown are VINCENT MICHIELI, Pfc., DGM MIELE and MIKE GATTO.

Miss M. SULLIVAN, chief librarian, received the $900 check on behalf of the hospital staff. The donations will help to start a practical reading assist to the more than eight thousand veterans who are patients of this veterans hospital.

Miss Sullivan demonstrated to the group the hospital's truck that will help staff distribute the books to the patients in the various wards. These trucks will visit each ward twice a week. The practicability of a Vocational Guidance program is obvious from the size of the patients' needs.

The Association has an ever-lasting world peace, please help if possible. The 9th Infantry Division Association, News Card 181, 3878 Academy Ave., Minneapolis, Minn.
