Human Resources Training Committee
Spring 2016
Professional Development Seminar Series

Intermediate Photoshop

Pre-requisite: Adobe Photoshop Basics

Program: During this workshop we will learn how to use advanced adjustment layers to modify the tones and depth of color. We will learn how to use filters, and retouch an image. We will also learn how to use masks to help us further fine tune our selections and selection layers. Lastly, we will learn how to work with artboards, layout tools, and drawing tools in Photoshop.
